SUMMARY

Motivated and detail-oriented individual with a background in Mathematics, Physics, and Information Technology, and a degree in Information Technology with a focus on Software Engineering from **SEGi University, Malaysia (Graduated: 22nd November 2025)**. I have hands-on experience in backend development through my internship at Kidocode, where I worked on backend design projects using Java and HTML, building a solid foundation in system architecture and problem-solving.

Additionally, I have experience as an IT teacher at Hankidz, developing strong communication skills and the ability to explain technical concepts clearly to young learners. I have been recognized for leadership as a **Student Representative Council awardee** and have earned **IT-related certifications from Google**, reflecting my commitment to continuous learning and professional growth. I am passionate about technology, backend development, and building efficient, scalable software solutions.

EXPERIENCE

Internship

Kidocode

06/2024 - 08/2024 Malaysia

- Worked on backend development projects using **Java** and **HTML**. Completed two backend-focused projects involving server-side logic, data flow management, and scalable system design. Gained hands-on experience in coding, system architecture, and problem-solving in a collaborative environment.

Teacher

HANKidz

04/2025 - 08/2025 Malaysia

- Taught IT concepts, programming basics, and problem-solving skills to young learners. Guided students through interactive lessons, helping them build confidence and interest in technology. Developed strong communication and mentoring skills by simplifying complex technical concepts for children.

EDUCATION

O'levels

Presidency International School

2017 - 2020 Chittagong

A'levels

Sunshine Grammar School

2019 - 2021 Chittagong

Bachelor in Information Technology Hons

SEGi University & Colleges

06/2022 - 04/2025 Malaysia

KEY ACHIEVEMENTS

Your Achievement

Vice Secretary, Student Representative Council – Recognized for leadership, organizational skills, and contribution to student activities.

IT-related Certifications from Google

Completed professional courses to strengthen technical knowledge and skills.

Developed "Soul Sync" App –

Created a mental wellness application with mood-based exercises, monthly reward badges, and helpline integration, showcasing innovation, backend development skills, and user-focused design.

SKILLS

Java	HTML	Backend System Design
Data Handling	App Development	
Problem-Solving	Analytical Thinking	
Teaching	Mentoring	Leadership
Teamwork	Communication	
Presentation	Time Management
